MEN'S SHEDS

Info Session • Lunch Provided

What are Men's Sheds?

In a shed, men get together for activities like woodworking projects, cooking, bike repairs, music, and yelling at the television during the playoffs.

The movement started in Australia in 2007, expanding their tradition of backyard sheds into collaborative, communal spaces. Since then, the **Australian Men's Shed Association** has grown to over 900 member sheds.

Other places with large Men's Shed movements include Ireland, England, New Zealand, and Scotland. We aim to see a similar movement develop here in Canada.

10am-12pm...all welcome
1pm-2pm...interested men only

Men's Sheds provide:

- a gathering place for men of purpose, usually involving a workspace for those who don't have one or have had to give theirs up.
- a place to change the world.
- productivity (maybe).
- a helping hand.

This information session will gauge the local interest in the Men's Sheds initiative.
